List of approved scheme

Have been uploaded on the web site www.hpiph.org

Member Secretary (SLSSC),
Cum Engineer-in-Chief (JSV),
Jal Shakti Bhawan, Shimla-5

Minutes of the internal meeting held in continuation to the 1st Meeting of the SLSSC of 2020-21 held under the Chairmanship of Sh. Amitabh Avasthi (IAS) Secretary to the Govt. of Himachal Pradesh on 31st July 2020.

List of participants is attached as Annexure-A

At the onset of the meeting the Member Secretary welcomed the Chairman and the participants to the meeting. He apprised the Chairman that this meeting is being held in continuation to the 1st SLSSC meeting of 2020-21 which was held on 17th July 2020 wherein 123 schemes as a additional agenda were approved subject to the condition that if any observation was received from any quarter after the circulation of the minutes the same shall be incorporated in the detailed estimates proposed for accord of A/A&E/S. The detail of these 123 additional schemes was shared with the office of Deputy Secretary (JJM), MoJS, Govt. of India on the SLSSC agenda format where after certain observations were received which are discussed as under.

Observation:-

The list provided in the additional agenda consisted of 189 Nos. schemes which have an estimated cost of Rs. 11,847.7 Lakh (Central Share Rs. 9,822.79 lakh and state share 1,589.29 lakh). The estimated expenditure on these schemes in 2020-21 is Rs. 2,741.9 lakh (Central expenditure Rs. 2,467.66 lakh and state share Rs. 274.218 lakh). Through these schemes, State Govt. proposes to provide, 52,035 FHTCs in 2,321 Nos. villages.

Reply:-

Out of the 123 schemes posed in the additional agenda some of the schemes have 4-5 phases in the same area hence the phases were clubbed together as one scheme. If each

phase is considered as different scheme the number of schemes is 189. The Observation is accepted and complied.

Observation :-

Schemes listed at S. Nos. 103, 115, 123, 124, 125, 128, 130 & 131 have schemes with less than 10 FHTCs being planned. State may take a look for alternate sources and cost-effective means for providing FHTC, if possible.

Reply:-

These schemes belong to tribal area of District Kinnaur where the population is sparse and the villages are scattered in the tough hilly terrain have less number of households. Kinnaur district is also planned for 100% saturation by December 2020 therefore all the balance FHTCs in the village have been planned hence the number of FHTCs planned are less. These schemes are considered for approval, hence approved.

Observation :-

In the table above, there is mention of 'discharge certificate' which is in-lieu of the report of the source finding committee. State may take note of this and plan the schemes having satisfied themselves that such retrofitted schemes will not become dysfunctional due to shortage of water after providing FHTCs. If augmentation is required, the same may be got done. Further, on perusal of MS-Excel file provided, it is noted that Schemes at following S.Nos. are mentioned with "--", "No", "N", , "Hand Pump", "Tube Well", "Existing Source" for the column on report of source finding committee.

4	5	6	7	8	9	10	11	12	23	24	25	26
27	28	29	30	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50	51	52	53
56	57	58	59	61	62	63	64	65	66	67	68	69
70	71	72	73	74	75	76	97	98	99	100	101	102

103	104	105	106	107	108	109	110	111	112	113	114	115
116	117	118	119	120	121	122	123	124	125	126	127	128
129	130	131	132	133	134	135	136	137	138	143	144	145
146	147	148	149	150	151	152	153	154	155	156	157	158
159	160	161	162	163	164	165	166	167	168			

It is requested that such schemes may please be examined and source sustainability may be ensured and National Mission be intimated so that same can be examined. Approvals on these are deferred.

Reply:-

Before according the Administrative approval and Expenditure sanction to the schemes, a committee comprising of Executive Engineer, Assistant Engineer and Junior Engineer verify the discharge of the source and if it is sustainable only then the scheme is executed. As the schemes are executed after verifying the sustainability of the source technically the approvals may not be deferred. The Observation is accepted and complied. Hence these schemes are approved subject to verification of discharge before accord of A/A & E/S.

Observation:-

It is to mention that 6 of these schemes are having estimated cost more than a Rs. 1 Cr. and most of them are gravity based, hence may be reviewed. The Scheme S. Nos. are 6, 7, 8, 10, 29 & 30.

Reply:-

These schemes belong to the backward and hard area of Shimla and Chamba Districts where the water sources are very far. The capital cost of gravity based schemes is high, however, the O&M cost is low. The cost shall be reviewed again before accord of A/A & E/S. Hence, these schemes are approved.

Observation:-

State is also requested to mention about the Community contribution aspects for these schemes.

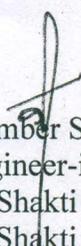

Reply:-

The in-village infrastructure cost shall be made by the beneficiaries as per the JJM operational guidelines in these schemes. The Observation is accepted and complied.

During the meeting Ms. Renjitha M.H Deputy Secretary (JJM) MoJS GoI stressed the need for completing the schemes proposed under retrofitting during the current financial year. She also requested the state to document success stories and good practices.

It was decided to approve the additional 189 schemes to provide 52035 FHTCs with as estimated cost of Rs. 118.47 crore as per Annexure B attached.

The meeting ended with vote of thanks to and from the Chairman.

Member Secretary Cum
Engineer-in-Chief
Jal Shakti Vibhag,
Jal Shakti Bhawan, Shimla

Annexure – A

**LIST OF PARTICIPANTS PRESENT IN THE INTERNAL SLSSC MEETING HELD ON DATED
31.7.2020.**

Sr. No.	Name of Officers	Designation
1	Ms. Renjitha M.H	Deputy Secretary (JJM) Gol (Through VC)
2.	Er. Naveen Puri	Engineer-In-Chief (I&PH)
